Author biographies

Nathalie Claes (KU Leuven), coordinator of the RDM-CC, is responsible for the general coordination of advice and guidelines as well as knowledge management. She also supervises information specialists with a specific focus on RDM for research in the Humanities within KU Leuven Libraries Library Services.

Veerle Van Den Eynden (KU Leuven), expert research advisor, has expertise on funder compliance and compliance with legal guidelines, the support and review of Data Management Plans, and the implementation of data about datasets in the context of FRIS.

Rachel Geenens (KU Leuven), expert project manager post publication repository, supports the documentation, archiving, and publication of datasets. She is responsible for managing and coordinating the development of a repository solution for the

publication of finalized data(sets), taking into account the uniqueness of the various disciplines.

Ingrid Barcena Roig (KU Leuven), expert in technical support and infrastructure, focuses on supporting researchers and local contact points with regard to infrastructure services and technical solutions at KU Leuven.

Ricardo Nieuwkamp (KU Leuven), expert in RDM services and support for KU Leuven association and affiliated partners.
